## Engraved Silver Aluminum Signs . . . . . by Orion Garden Marker

**Large Engraved Silver Botanical Sign:** Made of sturdy aluminum, these signs engrave with black text and image. The finish is matte so there is minimal glare from the sun when placed outside. The faceplate is 5" X 4" and the stake (included) is 18" tall.

While we can engrave your logo or clip art or line drawings, we can not engrave a photo.

Minor assembly required

Large Engraved Silver Botanical Sign

#311-5418SA

Price: \$11.50 each

(18" stake included)

**Stainless Steel Botanical Marker:** Finally....a sign that will hold up to harsh salt air, salt spray and humidity. Made of heavy stainless steel, these signs withstand tough, corrosive conditions that most signs won't. The finish is natural brushed steel. The faceplate is 2.0" x 3.5" and the stake (included) is either 12" or 18" tall. While we can engrave your logo and most line drawings and clip art we can not engrave a photo. Minor assembly required.

12" Tall Engraved Stainless Steel Botanical Marker  
 #311-235SS  
 Price: \$8.00

18" Tall Engraved Stainless Steel Botanical Marker  
 #311-235SS-18  
 Price: \$9.00

## Large Dura-Last Botanical Signs:

Ideal to identify plants that require a lot of information. These large botanical signs have plenty of space for your text, photo, QR code or logo.

They are 5" x 4" and the 18" stake is included.

Dura-Last Large Botanical Sign #311-5418DL

Price: \$11.50 each (18" stake included)

Design and content are an important element of any sign. The sign should capture attention, inform and educate. A photo on your sign will capture attention and add interest. A QR code is a fun interactive element that takes the viewer to your webpage. The font style and size will determine how easy it is to read. Keep the sign simple and it will be easier to read.

**Zinc Botanical Markers:** This durable and economical marker is a favorite. The faceplate slips over the metal stake and tilts back. Be sure to use a pen for outdoor use.
