Dura-Last Large Botanical Sign #311-5418DL
Price: \$11.50 each (18" stake included)

Design and content are an important element of any sign. The sign should capture attention, inform and educate. A photo on your sign will capture attention and add interest. A QR code is a fun interactive element that takes the viewer to your webpage. The font style and size will determine how easy it is to read. Keep the sign simple and it will be easier to read.

Zinc Botanical Markers: This durable and economical marker is a favorite. The faceplate slips over the metal stake and tilts back. If writing by hand, use pen #300-120 and finish with a Sun Block Cover for extended life of your marker.

(See page 12 for Sun Block covers and pens).

Size: 11 1/4" tall OR 21" tall with 1 1/4" x 3.5" faceplate.
